

Elizabeth Jannaman, BS – Senior Research Embryologist

Elizabeth graduated from Delaware Valley University in 2010 with a Bachelor's degree in Animal Sciences. Before joining CCRM, she worked as a clinical embryologist in Delaware for 5 years and then moved to Florida to manage a graduate research bovine IVF laboratory at the University of Florida. As a research embryologist at CCRM, Elizabeth hopes her work can contribute to the improvement of embryo culture & development and increase the success for patients hoping to build their families in the future. Outside of the lab, Elizabeth enjoys skiing with her husband and spending time with her dogs and horses.
