

Kati Wright, BSc – Research Technician

Kati graduated from the University of South Florida in 2013 with a Bachelor of Science in Biology. Shortly after graduating, Kati moved to Colorado. Kati explored various job opportunities, including working as a vet tech, seasonal field biologist, lab technician, and processing technician. Kati eventually found herself at CCRM, where her passion really took root. Kati's primary research at CCRM includes mammalian development and aging studies. In this role, Kati hopes to be involved in research that helps people and conservation efforts. When Kati is not at work, she can be found hiking, mountain biking, backpacking, canyoning, rock climbing, or playing soccer.
