

## **Billy Broussard, MS – Network QC Embryologist**

Billy graduated from the University of Idaho in 2018 with a Bachelor's degree in Animal Science, with a focus on dairy production. He then went on to obtain his Master's degree from Eastern Virginia Medical School in Reproductive Clinical Sciences. Before CCRM, he worked at Northwest Cryobank in Spokane, WA as an andrologist for five years. Now at CCRM, Billy works as the Network Quality Control Embryologist overseeing the network plastic ware testing program. In this role, he regularly communicates with individual network laboratory personnel, manages inventory, and orders then MEA tests products in a timely manner. Outside of work, Billy can be found spending time with his wife and two dogs, or watching a football game.
